Dear Planning Board:

Fog Island Inc. is gearing up our operation at 5 Amelia Drive. This summer we would like to include a few Dinner theater activities as an accessory use for our patio under the blue awning.

The events would take place various evenings throughout the summer (Evening tapas @ 7:00 PM, performances 7:30 -9:30 PM, evenings ending by 10 PM) at 5 Amelia Drive. We would aim for two different events over the summer months (One July, One August), possibly 2-6 evening performances per event, depending on public demand.

The events would serve also as part of our internship program for culinary students. For almost two decades Fog Island has been mentoring culinary students where they obtain college credits upon completing their restaurant training with us.

Our menus can be viewed online at www.fogisland.com

In hopes that you'll give positive feedback and support, thank you for the chance to submit our request for an Entertainment License.

Sincerely,

Mark Dawson
Fog Island Inc.
