Representing Carrie Thornewill, Thornewill Design

Public None

Concerns **Coombs** – Asked about the move-off/demo at 41 Wauwinet Road. She is satisfied with the explanation.

Thornewill – Built in 1970. Moving it would be very difficult.

Backus – National Historic Landmarks (NHL) data confirms this is circa 1970.

Motion **Motion to Approve. (McLaughlin)**

IV. NEW BUSINESS

<u>Property owner name</u>	<u>Street Address</u>	<u>Scope of work</u>	<u>Map/Parcel</u>	<u>Agent</u>
1. Charles Schwarzapfel 10-2033	9 Maine Avenue	Pool	60.3.1/425	NAG
Voting	Pohl, Coombs, McLaughlin, Camp, Oliver			
Alternates	Welch, Thornewill			
Recused	None			
Documentation	Landscape design plans, site plan, photos, correspondence, and advisory comments.			
Representing	Steve Theroux, Nantucket Architectural Group			
Public	None			
Concerns (5:34)	<p>Theroux – Presented project; stated comments by the abutters are not within HDC purview; 36” retaining wall was excluded; abutter on Rhode Island Avenue has a 4-foot vegetated berm. The MAB is made up of 5 Madaket residents who don’t want a pool and feels it makes no sense for this to go back to them. Asked for a denial.</p> <p>Discussing where this lot is located and possible exposure to abutting roads.</p> <p>Backus – Read MAB comments; not in favor of the pool in this location; viewing is critical to any approval of a pool in this location; once across Millie’s Bridge, this area is very different from the rest of Madaket; need to know where equipment is going. Eel Skin is circa 1868. Read letters of concern from abutters: not in context with the neighborhood whatsoever; any new plantings would create an unnatural landscape; would be within viewshed; no protection for vegetative screening on this coastal plain; berming is completely inappropriate in this flat landscape.</p> <p>Flynn – Mr. Theroux issued plans based upon MAB comments; MAB has not seen those revisions. There is another letter from Peter Holmes. During the MAB meeting, Ms. Williams reiterated HDC’s purview is from a publicly travelled way.</p> <p>Coombs – Asked if this has gone to ConCom (outside their jurisdiction). HDC is concerned about keeping an area conducive to what has been there. To allow a pool to go in where it cannot be adequately screened is irresponsible. This is not a project that fulfills our mission.</p> <p>Oliver – Agrees with Ms. Coombs; this is the same as pools in Cisco. It will affect the aesthetic and quality of the environment. This is a beach seascape with informality, which is what draws people there. It will not blend in and be intrusive to the landscape or this historic structure. If we deny this, they will appeal to the Select Board.</p> <p>McLaughlin – He doesn’t think there should be any problem.</p> <p>Camp – She drove out there today. This is the most relaxed, laid-back area of the Island and really just a dune. This is different from anyplace on the Island. Allowing a pool there would take away from its character.</p> <p>Pohl – His thoughts are similar to what’s been said. Clearly there is a lot of shifting sand and landscape. It is hugely important to keep it informal. He thinks the revisions should go back to MAB. It would be foolish to issue a denial on the first hearing; we should ask for revisions.</p>			
Motion	Motion to Hold for revisions and to go back to MAB. (Camp)

Recused	None				
Documentation	Architectural elevation plans, site plan, photos, and <i>Building with Nantucket in Mind</i>				
Representing	Ethan McMorrow, E. McMorrow Design Associates				
Public	None				
Concerns (6:05)	<p>McMorrow – Presented project; grey trim.</p> <p>Oliver – Wants to view with height poles. This is appropriate; having a view with height poles will be helpful.</p> <p>Welch – He'd like to see a cross section of the site with the other structure superimposed.</p> <p>Coombs – She'd like the height brought down. The roof walk with a skirt is overpowering; the skirt should be removed.</p> <p>McLaughlin – North elevation, the gable over the door should be 7/12 pitch. West elevation, the small gable to the right should also be 7/12; the left deck facing north should be squared off like the rest.</p> <p>Pohl – He'd like to see the 5/12 “roofettes” to have steeper pitches. He too wants to view with height poles.</p>				
Motion	Motion to View with height poles at either end of the main gable, hold for revisions, and a cross section of the topography. (Coombs)

Documentation	Architectural elevation plans, site plan, photos, and historic documentation.				
Representing	Lori Geddes, J.D. Bessey Construction.				
Public	None				
Concerns (6:36)	Flynn – They demolished the house without a permit; they did not pay the fine. It was approved as an addition. Geddes – Explained what led to the demolition; she was told not to pay until the HDC decides what the fee is. Backus – Circa 1988. Read Mr. Welch's comments into the record. Pohl – If he understands this all correctly – had a similar case recently – everything will be rebuilt as it was approved as a renovation and addition. This is not an old building: concrete foundation and plywood deck. Thornewill – The building that existed would most likely been approved for a demolition. J.D. Bessey now knows you should stop and seek the demo permits before proceeding. It isn't a big deal with this building, but it could have been. Coombs – Mr. Bessey, as an Islander, had to have known he should have applied for the demolition. Thinks the as-built fine for demolition should be increased. Doesn't agree with the reasonings for the demolition. McLaughlin – Asked what will be replacing it.				
Motion	Motion to Approve with payment of the as-built fine. (McLaughlin)
