

To whom it may concern:

I Ryan Conway am appealing this matter of trash. My tenants have a wood trash bin with barrels with lids in them. I have trash pickup on Tuesday/s and have for years. They go to the dump on Saturday or Sunday's.

As for the screens, I ordered them through Shepley Wood Products. There was a large delay in material/shipping. I believe Mrs. LaFavre actually checked in with Shepley who from the best of my knowledge gave proof of such.

Thank you for your time.

Best,

Ryan Conway
