Please kindly forward this correspondence to the Commissioners for consideration of 7 N Mill Street Garage and Hardscape plans. As always, thank you.

Dear Chairman Pohl and HDC Commissioners,

It is unlikely I will be able to attend this upcoming Tuesday's HDC meeting when plans for 7 N Mill Street will be considered. Below please find our comments for your consideration.

We are very appreciative of all the hard work you and the Commissioners have done and the changes that have been made to date in relation to the plans for buildings and hardscape on 7 N Mill Street. We are grateful that the current plans presented for the garage and hardscape have come another step closer to maintaining the natural context of the land and reducing the visual impact of the project from Mill Street and the public lands. HSAB has articulated a number of remaining concerns, and as direct abutters we support those, particularly the concern stated in relation to preserving the natural grade and contours of the hill as viewed from the north via Mill Street, the Land Bank Fields, and the Eleanor Ham Pony Field.

Sincerely,
Bill Wilmot
