Good morning Andrew. All the very best for what looks like being a beautiful Fourth Of July weekend. The reason for my email is to ask the Commission to consider me for the open At Large position. Please forward my application to Mr. Lowell.

Thank you Andrew.

John Kitchener

Dear Mr Lowell, this is my letter of interest to join the NP&EDC as an At Large Member.

My name is John Kitchener, I was born in the UK but am now an American citizen, year round resident and registered Nantucket voter. I live with my partner Joann at 27 Monomoy Road.

I am a Monomoy Civic Association Board Member and Treasurer of our organization. Over the past eight months I have devoted a large amount of my time to help create our Monomoy Area Plan. I lead the team focused on Land Use. This is a very exciting project. I am thoroughly enjoying creating something that hopefully will become part of the Town's next Strategic Plan. I look forward to being part of the group that presents our Plan to the Commission in August.

I started coming to Nantucket in the mid 80's as a renter. In 2006 I bought my first house here. Between 2006 and 2014 I spent between six and eight months a year on island. Since then I have been a year round resident.

I have three daughters that all love Nantucket. One lives in Washington DC, one in the UK and my middle daughter who sadly went to heaven a few years ago.

I started my career in the UK working for an American Fortune 500 company. When I left in 2006 I reported directly to the CEO and was responsible for our supply chain operations in 40 countries.

In 2006 I decided to make a change and started my own consulting business. In 2008 I broadened that business and, with two partners, founded a manufacturing company in Poland. We sold our Polish company in 2016 and for a while I did more consulting for USA and European clients. Two years ago I decided to retire and focus on trying to give back to the country and community that provided so many opportunities for me and my family.

Mr Lowell, I believe I can add value to the NP&EDC. If the Commission feels I would be a good fit I would be happy to discuss my background in more detail.
