## **AGREEMENT**

THIS AGREEMENT entered into this 1st day of July, 2017, by and between the TOWN OF NANTUCKET (hereinafter referred to as the "Town"), and the MASSACHUSETTS COALITION OF POLICE, NANTUCKET SUPERIOR OFFICERS UNION 330A, IUPA, AFL-CIO (hereinafter referred to as the "Union") is for the purpose of maintaining and promoting a harmonious relationship between the Town, the Union, and the REGULAR FULL-TIME and REGULAR PART-TIME POLICE OFFICERS holding the rank of SERGEANT OR LIEUTENANT, as defined in this Agreement; the establishment of equitable, peaceful procedures for resolution of grievances; and the establishment of rates of pay, hours of work, and all other working conditions.

### **ARTICLE 1 - RECOGNITION**

- 1.1 The Town recognizes the Union as the exclusive representative and bargaining agent for all full-time and regular part-time Sergeants and Lieutenants, excluding: Deputy Chief, Chief, Special Police Officers, temporary and casual employees and all other employees of the Town.

### **ARTICLE 2 - NO STRIKES**

- 2.1 It shall be unlawful for any Police Officer to engage in, induce, or encourage any strike, work stoppage, slowdown, or withholding of services. The Town agrees to conduct no lockout during the term of this Agreement.
- 2.2 The Town shall have the right to take disciplinary action, including discharge, against Police Officer(s) who violate Section 2.1. In any grievance involving the discipline of a Police Officer on account of participation in or responsibility for a strike, work stoppage, slowdown, or withholding of services, the arbitrator shall be limited to deciding whether the grievant did so participate or was so responsible. If he determines that the grievant did so participate or was so responsible he shall deny the grievance.
- 2.3 The Union, its officers and its stewards shall, within twenty-four (24) hours of notification by the Town, publicly make known that any action in violation of this Article is an unauthorized action on the part of the Police Officer(s); and shall promptly order the Police Officer(s) to return to work, and shall use every reasonable effort to see that termination of any such action is immediate.

### **ARTICLE 3 - SENIORITY**

- 3.1 Only Regular full-time Police Officers (as defined in Article 25) shall have seniority rights. Department seniority shall be defined as the Regular full-time Police Officer's length of continuous service in the Nantucket Police Department, commencing with the date he/she was appointed as a Regular full-time Police Officer, excluding all time that he/she may have worked as a Regular part-time Police Officer, as a temporary or casual officer, or as a Special Police

Officer. Rank seniority shall be defined as the officer's length of service in his/her rank, commencing on date of appointment to that rank. With respect to any Regular full-time Police Officer(s), in cases where two (2) or more Regular full-time Police Officers are appointed on the same date, seniority shall be determined by the order of the Officers name on the promotional eligibility list. In such a case, whichever Regular full-time Police Officer's name comes first shall have the greater seniority.

- 3.2** In the event of a layoff, Regular full-time Police Officers, providing qualifications, ability and rank are equal, shall be laid off in inverse order of seniority. Recall shall be in the inverse order of lay off. In the event that any Sergeant(s) or Lieutenant(s) is to be laid off, the officer subject to lay off shall have the right to accept a demotion to the lower rank, so long as any officer subsequently laid off has less time in the Department.
- 3.3** Seniority shall be lost and employment will automatically terminate in the event of a break in the Regular full-time Police Officer's service with the Town, caused by anyone of the following:
- (a) Discharge
  - (b) Voluntary quit
  - (c) Denial of tenure
  - (d) Failure to return to work on the Police Officer's first scheduled workday after the expiration of any leave of absence as defined in Article 6, unless for good cause
  - (e) Lay off for lack of work for more than twelve (12) consecutive months
  - (f) Physical and/or mental disability which creates an inability to perform all of the duties required of a Police officer for twelve (12) consecutive months.
- 3.4** The Police Department shall retain its practice of contracting work out to non-unit employees, and to continue to supplement the Regular full-time Police Officers with temporary and casual employees and Special Officers, provided there are no Regular full-time Police Officers available to perform the work on a non-overtime basis.
- 3.5** Town shall furnish the Union with a copy of the seniority list. A permanent list shall be posted and maintained on a readily accessible bulletin board at the police station.
- 3.6** Seniority shall not be broken by vacation time; leave of absence of thirty days or less; sick time (Article 8); an injury sustained while on duty unless it is determined that the Officer does not qualify for benefits under Chapter 111F; unlawful suspension from duty; initial induction into the military service (reenlistments excluded unless there is a national emergency recall).

## **ARTICLE 4 - PROMOTIONS**

4.1 When a vacancy in the rank of Lieutenant is anticipated by the Chief, the Chief may administer a promotional appointment process. A notice announcing the process will be posted on the bulletin board for a period of fifteen (15) days. Only officers who hold the rank of Sergeant and have 5 years as a Regular full-time Police Officer within 60 days of the date of the posting shall be eligible to bid. The posting of such notice does not obligate the Chief to fill such vacancy. In the event the vacancy is to be filled, the Chief will make his selection on the basis of the qualifications and ability of each candidate. In making his selection, the Chief will consider the following factors:

- (a) Written evaluations of the candidates by the command staff under guidelines set by the Chief (50% weight); and
- (b) Oral interviews conducted by person(s) designated by the Chief (50% weight).

The Town reserves the right to change the content of such tests. The Chief shall have the option of temporarily filling a vacancy pending selection of an applicant.

4.2 In the event that a Regular full-time Police Officer who has been promoted to the rank of Sergeant desires to return to the position of a Regular full-time Police Officer, said request may be granted by the Chief and said Sergeant shall return to the position of Regular full-time Police Officer. Seniority and wages shall be determined as if the Regular full-time Police Officer was never promoted and remained a Regular full-time Police Officer.

4.3 In the event that a Regular full-time Police Officer who has been promoted to the rank of Lieutenant desires to return to the position of a Regular full-time Sergeant or Police Officer and a vacancy exists within that position classification, said request may be granted by the Chief and said Lieutenant shall return to the position of Regular full-time Sergeant or Regular full-time Police Officer. Seniority and wages shall be determined as if the Regular full-time Police Officer was never promoted and remained a Regular full-time Police Officer.

4.4 All specialty positions shall be posted on the bulletin board for a period of fifteen (15) days, and interested officers shall have the opportunity to apply.

## **ARTICLE 5 - MUTUAL LEAVE**

5.1 Subject to advance approval by the Chief, or his designee, a regular full-time Police Officer shall be granted a mutual leave for a day on which he/she is able to secure another Police Officer to work in his/her place. This mutual leave will be allowed, provided:

Failure on the part of the substitute Police Officer to fill the work assignment, as agreed to, shall be cause for disciplinary action unless the substitute Police Officer contacts the Police Officer he/she is to cover for and either that Police Officer or another Police Officer secured by either of them covers the work assignment. If a change is made in the substituting Police Officer, the Chief must be so notified.
    - 1) Failure on the part of the substitute Police Officer to fill the work assignment for any reason shall subject the Police Officer to the following disciplinary actions:
      - I. First Occurrence: Verbal Warning documented in Personnel File

  - (g) All swaps, full and partial, must occur within a single §207(k) FLSA pay period (171 hours, 28 days) cycle unless approved by the Chief of Police or his designee. Swaps that result in at least one of the involved officers to exceed the 171 hours may be denied.

## APPENDIX A

### ALCOHOL AND CONTROLLED SUBSTANCES TESTING POLICY AND PROCEDURES

#### 1.0 POLICY

It is the policy of the Nantucket Police Department that the use of controlled substances by employees who are on duty is prohibited. This policy incorporates any off duty use or misuse of alcohol or controlled substance that results in a positive alcohol or controlled substances test while on duty. With the noted exception of alcohol use in a investigative capacity, sanctioned by the Nantucket Police Department and or District Attorney's office. Transportation and evidentiary possession of controlled substances and alcohol, by a police officer, on active duty is allowed in accordance with Department Regulations.

#### 2.0 DEFINITIONS

##### 2.1 Alcohol:

The intoxicating agent in a beverage alcohol, ethyl alcohol, or other low molecular alcohol including methyl and isopropyl alcohol.

##### 2.2 Alcohol Concentration:

Also called alcohol content, the alcohol in a volume of breath as indicated by an evidential breath test such as a breathalyzer, expressed in terms of grams of alcohol per 210 liters of breath.

##### 2.3 Alcohol Use:

The consumption of any beverage, mixture or preparation, including any medications, containing alcohol.

##### 2.4 Breath Alcohol Technician:

(BAT) An individual who instructs and assist individuals in the alcohol testing process and operates an evidential breath testing devise. (EBT)

##### 2.5 Confirmation/Confirmatory Test:

In alcohol testing, a second test which follows a screening test with a result of 0.04 grams or greater of alcohol per 210 liters of breath, that provides quantitative data of alcohol concentration.

For controlled substance testing, a second analytical procedure to identify the presence of a specific drug or metabolite which is independent of the screen and that uses a different

technique and chemical principle from that of the screen test in order to ensure reliability and accuracy.

**2.6 Controlled Substance:**

In this policy the terms "drugs" and "controlled substances" are interchangeable and have the same meaning unless otherwise provided. These terms shall include marijuana, cocaine, opiates, including heroine, phencyclidine (PCP), and amphetamines, including methamphetamine.

**2.7 Controlled Substance Screening/Testing:**

This is a procedure to screen and/or test urine samples for the purpose of detecting the presence of amphetamines, cocaine, metabolites, opiate metabolites, including heroine, phencyclidine, and marijuana metabolites.

**2.8 Permanent Full-time Police Officer:**

Those employees covered by the collective bargaining agreement between the Town of Nantucket and the Massachusetts Coalition of Police, Nantucket Local Union 330a, IUPA, AFL-CIO.

**2.9 Evidential Breath Testing Device:**

(EBT) Is a devise approved by the National Highway Traffic Safety Administration (NHTSA) for the evidential testing of breath.

**2.10 GC/MS:**

Is a gas chromatography/mass spectrometry test that confirms an initial drug screen.

**2.11 Laboratory:**

Is a federal Department of Health and Human Services certified laboratory authorized by the Department to perform controlled substances screening/testing.

**2.12 Medical Review Officer:**

(MRO) A licensed physician (medical doctor or doctor of osteopathy) responsible for receiving laboratory results generated by the Department's controlled substances testing program who has knowledge of substance abuse disorders and has appropriate medical training to interpret and evaluate an individual's confirmed positive test result together with his or her medical history and any other relevant biomedical information.

**2.13 On Duty:**

Is that period of time which constitutes a police officer's work day, or when he or she has been recalled to work.

**2.14 Refuse to submit to an alcohol or controlled substance test:**

A police officer refuses to submit to testing when he or she:

(a) fails to provide adequate breath for testing without a valid medical explanation after receiving notice of the requirement for breath testing; or

(b) fails to provide adequate urine for controlled substances testing without a valid medical explanation after receiving notice of the requirement for urine testing; or engages in conduct that obstructs the testing process.

**2.15 Screening Test:**

(screen or initial test) In alcohol testing, it is the initial procedure to determine if the police officer has a prohibited concentration of alcohol in his or her system. In controlled substances testing, it is an immunoassay screen to eliminate "negative" urine specimens from further consideration.

**2.16 Split Specimen/Sample:**

For controlled substances testing, it is a collection of urine divided into two containers for testing and re-testing purposes.

**2.17 Substance Abuse Professional:**

(SAP) Is a licensed physician (medical doctor or doctor of osteopathy) or a licensed or certified psychiatrist, social worker, employee assistance professional, or addiction counselor with knowledge of and clinical experience in the diagnosis and treatment of alcohol and controlled substance-related disorders.

**3.0 APPLICABILITY**

This policy and procedure is, therefore, applicable to all permanent full-time police officers, regular part-time police officers, summer special police officers in the Nantucket Police Department and to applicants to such positions.

**4.0 ALCOHOL and CONTROLLED SUBSTANCES PROHIBITIONS**

**4.1 Alcohol Prohibitions:**

Police officers are prohibited from using alcohol while on duty and within four hours of going on duty. With the exception of special investigative assignments where alcohol use

is necessary to facilitate an undercover assignment in accordance with Department Regulations.

**4.1.1** A police officer shall not:

- (a) use alcohol while on duty;
- (b) report for duty or remain on duty within four hours of having consumed alcohol;
- (c) report for duty or remain on duty with an alcohol concentration of 0.04 or greater.

**4.2** **Control Substance Prohibitions:**

This policy prohibits police officers from reporting for duty or remaining on duty when the police officer uses any controlled substances, except when the use is pursuant to the instructions of a physician. The Department may require a police officer to inform his or her supervisor of any therapeutic drug use by the police officer.

**4.2.1** A police officer shall not:

- (a) Report for duty or remain on duty while using any controlled substance, except when a physician has prescribed a substance which does not adversely affect the police officer's ability to work.
- (b) Report for duty, remain on duty, or perform a safety-sensitive function, if he or she has tested positive for controlled substances.

**5.0** **TESTING**

There are five situations in which a police officer shall be tested for the presence of controlled substances and/or alcohol in his or her system. They are: (1) pre-employment testing, (2) reasonable suspicion testing, (3) random testing, (4) return to duty or work testing, and (5) follow-up testing.

**5.1** **Pre-Employment Testing:**

Prior to a police officer being hired by the Department, he/she shall undergo testing for controlled substances. The police officer shall not begin work until the employer has received a verified negative test result from the medical review officer for the controlled substances test.

**5.2** **Reasonable Suspicion Testing:**

The employer shall require a police officer to submit to an alcohol test and/or controlled substances test when a supervisor or department representative has reasonable suspicion to believe that the police officer has violated the Department's prohibitions concerning

the use or possession of alcohol and/or controlled substances. The supervisor or department representative shall base his or her determination that reasonable suspicion exists to require the police officer to undergo an alcohol test and/or controlled substances test on specific, contemporaneous, articulable, observations concerning the appearance, behavior, speech or body odors of the police officer. The observations may include indications of the chronic and withdrawal effects of controlled substances. The supervisor or department representative making the observations shall document in writing the specific facts, symptoms, or observations which form the basis for his or her reasonable suspicion

- 5.2.1 The person who makes the determination that reasonable suspicion exists to conduct an alcohol test shall not conduct the alcohol test of the police officer.
- 5.2.2 Alcohol testing is authorized under the reasonable suspicion testing section only when the observations required to make the determination (See 5.3, supra) that reasonable suspicion exists are made during, just preceding, or just after the period of the work day that the police officer is required to be in compliance with the alcohol prohibitions.
- 5.2.3 If reasonable suspicion alcohol test is not administered within 2 hours following the observations, the supervisor or department representative shall prepare and maintain on file a record stating the reasons the alcohol test was not administered promptly. If the test is not administered within 8 hours of the observation, the employer shall cease to attempt to administer the test and make a record of the reasons why the test was not administered within 8 hours.
- 5.2.4 The Department will not take action against any police officer based solely on the police officer's behavior and appearance with respect to alcohol use, unless an alcohol test was administered or the police officer refused to be tested. This does not prohibit the Department with independent authority from taking any action otherwise consistent with law or Department or department policy.
- 5.2.5 The supervisor or department representative making the determination that reasonable suspicion exists to conduct an alcohol test and/or controlled substances test must have received 60 minutes of training on alcohol misuse and 60 minutes of training on controlled substances use.

**5.3 Random Testing:**

Random controlled substance testing, while on duty, may be administered on a certain percentage of police officers each year. Random controlled substances testing may be administered at a maximum annual rate of 25% of the average number of employees eligible to be tested. Random controlled substances testing will be unannounced and spread reasonably throughout the calendar year.

The random selection process will ensure that each employee has an equal chance of being tested each time selections are made.

**5.4 Return to duty Testing:**

Before a police officer returns to duty after engaging in prohibited conduct concerning alcohol, the police officer shall undergo a return-to-duty alcohol test with a result indicating an alcohol concentration of less than 0.02.

Before a police officer returns to duty after engaging in prohibited conduct concerning controlled substances, the police officer shall undergo a return-to-duty controlled substances test with a result indicating a verified negative result for controlled substance use.

**5.5 Follow-up Testing:**

Following a determination by a SAP that a police officer is in need of assistance in resolving problems associated with alcohol misuse and/or use of controlled substances, the police officer shall be subject to unannounced follow-up alcohol and/or controlled substances testing as directed by the SAP. The police officer shall be subject to a maximum of 6 follow-up controlled substances and/or alcohol tests in the first 12 months. The follow-up testing may continue for up to 48 months from the date the police officer returns to duty.

**5.6 Refusal to be tested:**

When the police officer refuses to be tested, the police officer is treated the same as if he or she had received a positive test result. A police officer refuses to submit to testing when he or she:

- (a) fails to provide adequate breath for testing without a valid medical explanation after receiving notice of the requirement for breath testing; or
- (b) fails to provide adequate urine for controlled substances testing without a valid medical explanation after receiving notice of the requirement for urine testing; or
- (c) engages in conduct that obstructs the testing process.

**6.0 SCREENING/TESTING PROCEDURES**

**6.1** A copy of these procedures shall be given to all police officers.

**6.2** When reasonable suspicion testing, follow-up testing or return-to-duty testing is authorized, at least one supervisor shall accompany the police officer to the collection site.

**6.3** When random testing is authorized, a supervisor may, but is not required, to accompany a police officer to the collection site.

- 6.4** When an on duty police officer has been identified for testing, the police officer will be instructed to proceed as soon as reasonable to the designated collection site. Once the police officer has been notified to take a test, unless he or she is hospitalized, no sick or other leave may be authorized until the collection process is completed.
- 6.5** At the collection site, police officers are required to present photo identification.
- 6.6** When alcohol testing is required or authorized, a saliva or breath test shall be administered by the collector also known as Breath Alcohol Technician (BAT) to detect the presence of alcohol.
- 6.6.1** Initial and confirmatory tests may only be administered with devices meeting the requirements of the National Highway Traffic Safety Administration's (NHTSA's) Model specifications for Alcohol Screening Devices.
- 6.6.2** An alcohol screen with a result of 0.04 grams/210 liters or greater shall be followed by a confirmation test that provides quantitative data of alcohol concentration.
- 6.6.3** A police officer shall follow the instructions of the BAT and shall not eat, drink, put any object or substance into his or her mouth, and, to the extent possible, not belch during the waiting period before the confirmation test.
- 6.6.4** A confirmatory alcohol test shall not be conducted in less than 15 minutes nor more than 20 minutes from an alcohol screen with a result of 0.04 grams/210 liters or greater.
- 6.6.5** If the police officer is unable to provide a sufficient amount of breath after reasonable attempts to do so, testing shall be discontinued and the appropriate Department official notified. The police officer shall be directed to obtain, as soon as practicable, an evaluation from a licensed physician, who is acceptable to the Department, concerning the police officer's medical ability to provide an adequate amount of breath. If the physician determines that a medical condition has, or with a high degree of probability, could have precluded the police officer from providing an adequate amount of breath, the police officer's failure to provide an adequate amount of breath shall not be deemed to be a refusal to take the test. The physician shall provide the Department with a written statement of his /her conclusion.
- 6.7** When a controlled substances test is required or authorized, a test of the police officer's urine will be done to detect the presence of amphetamines, cocaine metabolites, opiate metabolites (including heroine), phencyclidine, and marijuana metabolites.
- 6.7.1** To deter dilution of specimens at the collection site, toilet bluing agents shall be placed in toilet tanks wherever possible, so that the reservoir of the water in the toilet bowl always remains blue. There shall be no other source of water in the enclosure where urination occurs.
- 6.7.2** The collection site person shall ask the police officer who is to be tested to remove any

unnecessary outer garments, such as a coat, that might conceal items of substances that could be used to tamper with or adulterate the police officer's urine. The police officer may retain his or her wallet, but not briefcase or purse.

**6.7.3** The police officer may provide his/her specimen in the privacy of a stall or otherwise partitioned area that allow for individual privacy. In the exceptional event that there is an immediate requirement for specimen collection, (e.g. an accident investigation), a public rest room may be used, providing the person collecting the specimen is of the same gender as the police officer being tested and accompanies the police officer into the rest room and ensures the integrity of the collection process.

**6.7.4** The police officer's urine specimen shall be divided into two containers by the collection site person in the police officer's presence. The two samples, called "primary" and "split" shall be sent for testing to a laboratory certified by the Department of Health and Human Services.

**6.7.5** The initial controlled substance screening shall be by enzyme immunoassay techniques test (EMIT) which shall be administered at a Department approved laboratory at Department expense. If this initial screen yields a positive result, a GC/MS will be conducted at Department expense on the original split urine sample provided by the police officer.

(a) In the event that an officer receives a positive result, he/she may request an independent test. The independent test will be performed under the same or more stringent procedures as the original test. The officer will inform the union representative and the chief, in writing, of his /her intent to seek the test. The officer will be responsible for any costs associated with the independent test.

(b) An officer requesting an independent test will be placed on administrative duty pending the outcome of said test.

(c) If the result of the independent test is negative, the officer shall be reimbursed for the costs of the test and shall be paid for any overtime or details that he/she would have been eligible to perform pursuant to the collective bargaining agreement. In addition, the officer's file shall be expunged of the prior positive test result that led to the independent test.

**6.7.6** The minimum levels for positive controlled substance test results are:

DRUG GROUP	Initial EMIT Screen (ng/mL)	Confirmatory GC/MS Test (ng/mL)
Amphetamines	1000	
Amphetamine		500
Methamphetamine		500*

Cocaine Metabolites	300	150**
Opiate Metabolites	300	
Morphine		300
Codeine		300
Phencyclidine	25	25
Marijuana Metabolites	50	15***
*	Specimen must also contain amphetamine at a concentration of greater than or equal to 200ng/mL.	
**	Benzoylecgonine	
***	Delta-9-tetrahydrocannabinol-9-carboxylic acid	

**6.7.7** If the police officer is unable to provide a sufficient amount of urine the MRO shall immediately refer the police officer for a medical evaluation to determine whether the police officer's ability to provide a specimen is genuine or constitutes a refusal to test. If the MRO makes a determination after the completion of the examination that the police officer is able to provide a sufficient urine sample, the police officer's refusal to do so shall be considered to be a refusal to test.

**6.7.8** The results of a positive EMIT controlled substances test shall be confirmed by GC/MS testing and sent to the MRO for review. The MRO verifies the positive result after review with the police officer. The MRO shall notify the police officer, that he/she has 72 hours from such notification to request a re-test from the split sample at another laboratory certified by the Federal Department of Health and Human Services. The re-test shall be at the police officer's own expense. The MRO shall coordinate the re-testing of police officers.

**7.0 CONSEQUENCES OF PROHIBITED CONDUCT**

Police officers facing disciplinary action under this section shall have all rights to a hearing and union representation provided in the applicable collective bargaining agreement between the union of which the police officer is a member and the Town.

**7.1** A police officer who violates the alcohol prohibitions by having a confirmed alcohol test of .04 or more grams/210 liters and/or violates the controlled substance prohibitions with a verified positive result from a controlled substance test shall be suspended without pay for 15 working days. A second violation with a confirmed alcohol test of .04 grams/210 liters or more or a second violation of the controlled substance provisions herein with a verified positive test result from a controlled substances test may result in discharge.

**7.2** All applicant, including a police officer being promoted, may not receive the appointment/promotion if he/she receives a positive test result from a controlled substances test if said substance has not been prescribed by a doctor or is not an over-the-counter drug.

**7.3** A police officer who violates the prohibition against possession of alcohol or controlled substances while on duty shall be suspended without pay for 15 working days. A second violation may result in discharge. Except where possession of controlled substances and use of alcohol is allowed under section 1.0.

## **8.0 CONFIDENTIALITY REQUIREMENTS and RECORDS RETENTION**

The Department shall maintain records of all alcohol and controlled substances test and their results in accordance with all applicable federal, state, and local laws and regulations.. The Department shall implement procedures to prevent the unauthorized disclosure or distribution of these records including the results of alcohol and controlled substances tests.

## **9.0 EMPLOYEE ASSISTANCE PROGRAM**

A police officer may request a referral to an Employee Assistance Program (EAP) for assessment, counseling and/or rehabilitation at any time. Participation in the Employee Assistance Program is voluntary, subject to the following:

**9.1** Disciplinary action based on a violation of the alcohol and controlled substances prohibitions is not suspended by a police officer's participation in the EAP.

**9.2** When a police officer violates an alcohol or controlled substance prohibition, the police officer must be evaluated by a substance abuse professional (SAP) designated by the Department who shall determine what assistance, if any, the police officer needs in resolving problems associated with alcohol misuse and/or controlled substance use. The police officer may not take a return-to-duty drug or alcohol test until: (1) completion of a treatment program suggested by the SAP; and, (2) a determination by the Department, in conjunction with a recommendation by the SAP, that the police officer is fit for duty. The Town's Insurance will cover the police officer for 60 days.
