

NANTUCKET FIRE DEPARTMENT
131 Pleasant Street
Nantucket, Massachusetts 02554

The Nantucket Fire Department has required for many years that commercial properties place a Rapid Entry System Lockbox near the main entrance of their properties for the purpose of providing prompt access in the event of an emergency event at the property.

The Kidde Supra Box system are in place around the island and are being used by the Nantucket Fire Department currently.

This link has the models as suggested for Fire Department Lock Boxes by Kidde.
