

Nantucket Historic District Commission - Approvable Roof Shingle Colors

The following roof shingle types & colors are approvable by the Nantucket Historic District Commission (HDC), as noted.

Approval is subject to the following:

1. Submission of a complete application shall include shingle manufacturer and manufacturer's color reference. In the instance of an existing roof, application shall also include images sufficient to illustrate existing roof materials in the context of the respective structure(s) and of the surrounding environment. If application is for installation of a non-listed manufacturer color, applicant shall provide a minimum 3' x 3' sample of the proposed shingles.

2. For an approval under the HDC's Consent Agenda process the HDC or its designee shall first determine shingle type and color is approvable *and* appropriate in the context of the subject property (i.e., with regard to trim and other house color, architectural style and/or elements, etc.).

--- For additional information or instruction, contact Planning and Land Use Service at 508-325-7587 ---
