

Nationwide Deferred Compensation Appointment Scheduler

As a result of the ongoing situation with the coronavirus, Nationwide has currently moved to a **work from home** model for most employees. We stand committed to providing you with the service you deserve throughout this challenging time. In order to be available to you, we have begun to offer the ability to schedule phone appointments and virtual meetings through our online appointment system.

Using this system, you can schedule a return phone call from us on a specific date and time. You can also choose to request a virtual meeting which includes the ability to share visual content, provide web site walkthroughs, as well as other features that are not available during a traditional phone call.

We are happy to help with any questions on your account including

- Contribution Changes
- Reviewing Your Existing Investment Strategy and Available Options
- Beneficiary Updates
- Help with Completing a Rollover

If you are nearing retirement, we can also help with questions regarding

- Planning for Retirement
- Deferring Annual Leave
- Social Security
- Consolidating Accounts
- 457(b) Special Catch Up Contributions

Thank you!
Stay safe and healthy!

Regards,

William Redihan
