

August 7, 2013

Dear Dr. Steinhauer,
I write to urge the support of the
ConCom for the Revetment Proposal
for the Sconset Bluff. I've spent in
Den the 38 years I've spent in
Sconset - 20 years as a resident -
this year has been the most alarm-
ing. In my view we need to work
with the SBPF to help keep Baxter
Road open and give Bluff residents
who love and care about their homes
and the island the support they

are asking for.

Maybe we are buying time, but doing nothing immediately dooms houses, the road and perhaps results in the abandonment of the north end of the bluff which at this juncture seems impossible.

Please help with the Con Con approval of their proposal.

Yours truly,
Mary Hassen Moffett
